

Maximillian

ASSEMBLY & CARE GUIDE

ROOOF

Assembling Maximillian

COMPONENTS

Unpack the Maximillian bed frame, cushion and cover. (The cushion and cover come in a separate package). A bag of parts is also included in the packaging. You should have received the following components:

Bag of Parts

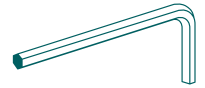

M14 Bolts (14)

Spring Washer (14)

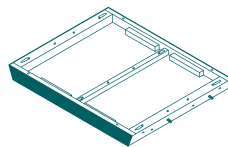

Flat Washer (14)

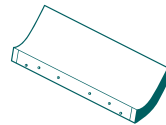

Allen Key

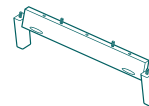

Main Components

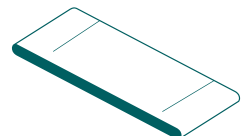

Base

Wings (2)

Legs (2)

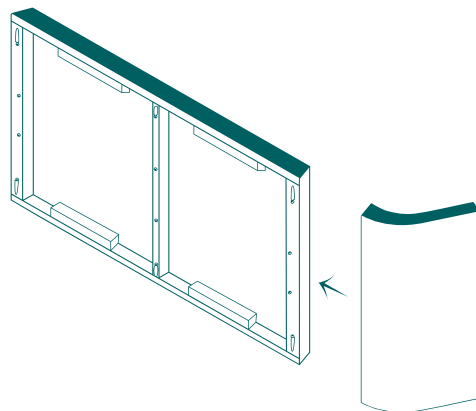

Cushion and
Cushion Cover

STEP 1

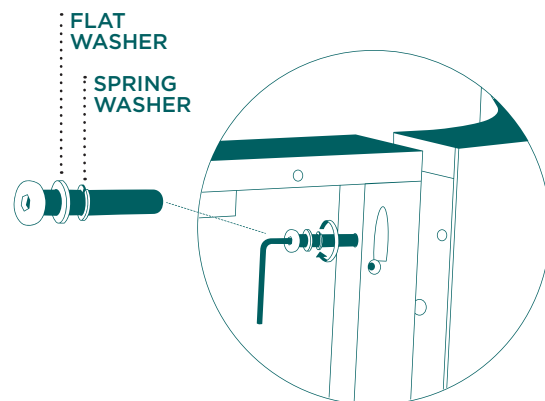

Ensure you assemble Maximillian on a soft surface to prevent scratching the finish.

Lay the base on its side. Align one of the wings as shown and slide it onto the base so the dowels on the wing align with the holes on the base. Press the wing so it is tight against the base.

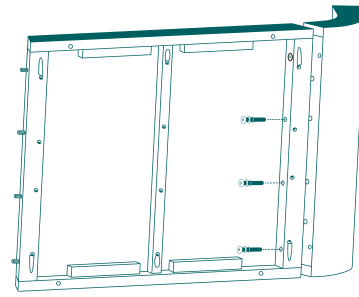

STEP 2

Take one of the provided M14 bolts, first sliding a flat washer on followed by a spring washer, and insert it into one of the four threaded holes on the underside of the base as shown. Using the Allen key, thread but don't tighten the bolt.

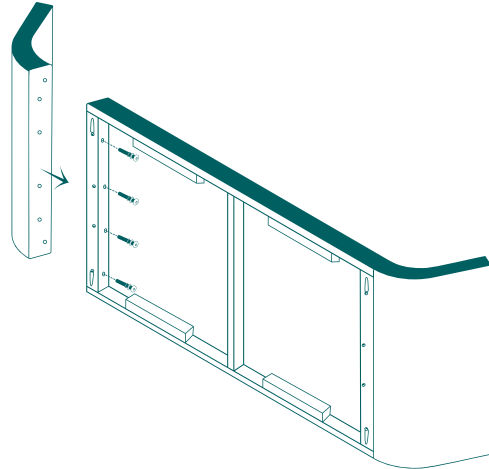

STEP 3

Repeat the process for the remaining three bolts. Once all four are threaded, tighten all of them to secure the wing.

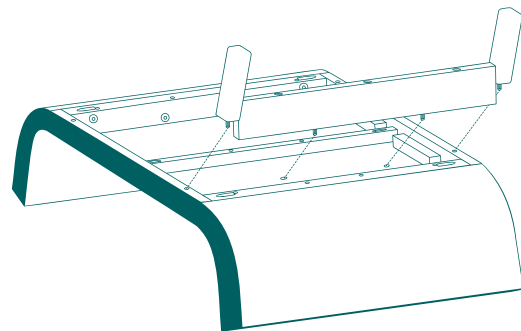

STEP 4

Repeat the entire process for the other wing, ensuring the flat and locking washers are placed first on each bolt before threading into the holes.

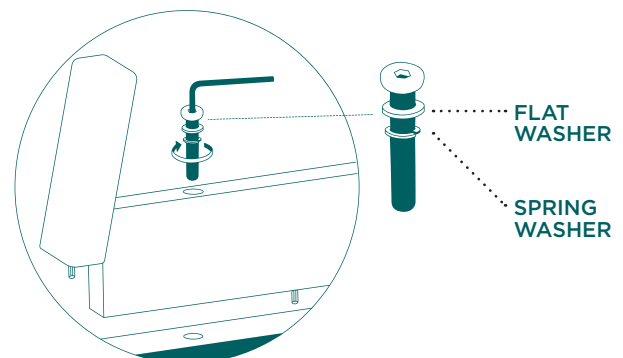

STEP 5

Place the bed upside down on a soft surface. Position one of the legs as shown (with legs angling outward), align the dowels with the holes and insert the leg so it's flush against the base.

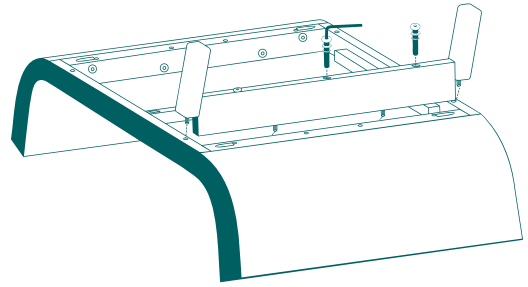

STEP 6

Take one of the provided M14 bolts, first sliding a flat washer on followed by a spring washer, and insert it into one of the three threaded holes on the legs as shown. Using the Allen key, thread but don't tighten the bolt.

STEP 7

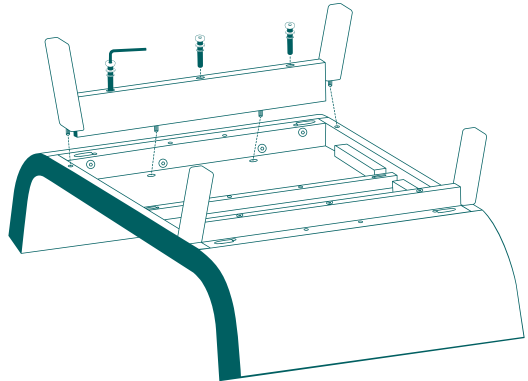

Repeat the process for the remaining two bolts. Once all three are threaded, tighten all of them to secure the leg.

STEP 8

Repeat the entire process for the other leg, ensuring the flat and locking washers are placed first on each bolt before threading into the holes.

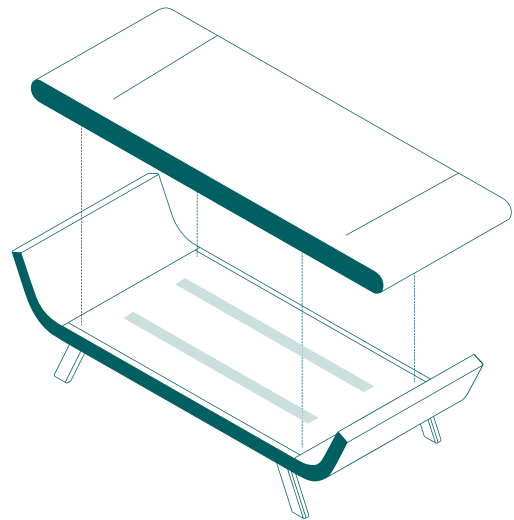

Then turn the bed right-side up.

STEP 9

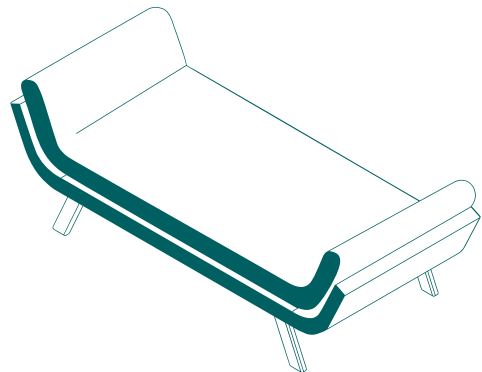

Insert the Maximillian cushion inside the cover and zip shut.

Place the cushion over the bed, aligning the attachment strips on the underside of the cushion with the attachment strips on the bed frame.

STEP 10

Ensure the cushion is aligned with the front and back edge of the frame, gently place the cushion on the bed, pressing down to ensure the attachment strips form a solid connection.

Caring for Maximillian

GENERAL MAINTENANCE

Use a soft, dry cloth to regularly dust Maximillian. Microfiber cloths work well. For routine cleaning, use a damp cloth followed by a dry cloth to prevent moisture from sitting on the surface. Avoid soaking the wood.

CLEANING SPILLS

Wipe up any spills immediately to prevent staining or damage to the finish. Use a mild soap solution (e.g. diluted dish soap) for tougher spots, followed by wiping with a damp cloth and drying thoroughly.

POLISHING

Given the low gloss finish, frequent polishing isn't necessary. If you do polish, use a product recommended for low-gloss finishes and test it on a small, inconspicuous area first. Avoid using wax, as it can build up and create a dull, cloudy appearance.

ENVIRONMENTAL FACTORS

Keep Maximillian indoors, avoiding extremely humid environments.

Avoid placing Maximillian near heat sources like radiators or fireplaces.

Keep Maximillian out of direct sunlight to prevent fading or discoloration.

WE RECOMMEND FOLLOWING THESE CARE TIPS TO ENSURE THAT MAXIMILLIAN MAINTAINS ITS BEAUTIFUL APPEARANCE FOR YEARS TO COME.

Cushion Cleaning

GENERAL CARE TIPS

TIP 1

Regularly remove and machine wash the outer cover.

TIP 2

Do not wash the interior cushion—simply air it out to keep fresh and spot clean with a damp cloth and mild detergent.

TIP 3

Avoid direct sunlight to preserve the color and material of the cushion.

TIP 4

Immediately wipe spills with a damp cloth, using a mild detergent for stubborn stains.

OUTER COVER WASHING INSTRUCTIONS

Machine wash cold 85°F/30°C

Do not bleach

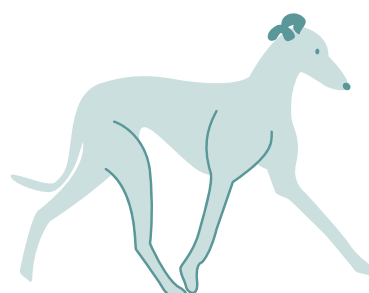

Tumble dry on low heat

Do not iron

Dry cleanable
