

Phantigo

Fun. Agile. And a little wild. The Phantigo is inspired by a dog who loves chasing his own tail around and around. So naturally his namesake bed is, what else, a circle—achieved through precise cutting and hand-assembly for perfect symmetry. Phantigo is crafted from carefully selected wood and veneered in-house with natural woods like oak and walnut. With a low profile and a smooth, deeply plush cushion—with a removable and washable cover— Phantigo offers a cozy sanctuary for sprawling out.
