

Violet

Named for a spirited pup with a knack for finding the coziest spots in the house, Violet is a gracefully sculpted bed designed for dogs who appreciate both style and comfort. Each section of eco-friendly hardwood is meticulously hand-bent to create its signature curves. Natural wood veneers showcase distinctive patterns that elevate its visual appeal, while a plush, water-resistant cushion with a removable, washable cover ensures easy care. Hand-finished and coated to preserve the wood's organic beauty, Violet is a refined retreat that blends seamlessly into your home while offering your dog the ultimate in comfort.
